

# Tips and Tricks

The Center for Online Education not only seeks to ensure faculty and adjuncts have the knowledge to use the tools in Canvas, but also has access to ideas for how to utilize them in your course. Our office will continue to update this page as we work with faculty and see the needs in the North Park teaching environment.

- [Asynchronous Participation](#) - read about the various ways in Canvas to track participation in an asynchronous environment.
- [Tabs on a Page](#) - learn about how to add tabs to organize content in the Rich Content Editor (RCE)
- [Alternatives to Live Lectures](#) (login required)
